

Welcome to the latest edition of the newsletter for Lidderdale Racing

LIFTING THE LIDD

A new view from High View

We are delighted to report that Lidderdale Racing is settling well into its new home in the heart of Lambourn where at last we are able to bring all of our horses and our training operation back on one site.

We are enjoying superb facilities at **High View Stables**, from where we have already delivered four winners in little over a month and several placed efforts, with two of those wins coming in January getting us off to a flyer in 2012.

Our first win of the year was with *Nibani* at Kempton on Jan 11 (right), Leonna Mayor was in the saddle, and *Majestic Zafeen* (below right) was our other winner on Jan 15 on only her second run for the yard and her new connections following a 2nd on her first run for us at Lingfield on New Years' Eve. Martin Harley took the ride on both occasions easing away stylishly for a convincing win at Kempton.

It is with much credit to Alastair and his team that the transition from Eastbury Cottage Stables has happened whilst continuing the excellent form of the horses.

Now, more than ever, we are thinking about horses for 2012 to ensure we continue our success. We are keen to grow our Racing Clubs, Syndicates and Ownership opportunities and appreciate the continued support of our existing owners and club members. We now have increased stable capacity to enable continued growth so if you, or anyone you know, would like to join in the 'winning experience' we offer at Lidderdale Racing then please get in touch.

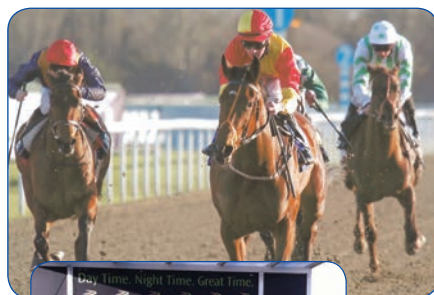

Team Lidderdale

Alastair (right) welcomes owners and club members to High View in December with a parade of horses before a trip to the gallops.

Nibani wins at Kempton in January.

Majestic Zafeen wins by 3^{1/2} lengths to the joy of connections celebrating on the podium at Kempton.

A guide to 'racing speak'...

- Colours** Refers to the silk shirts worn by the jockeys. Also known as silks
- Scope** The potential in a horse
- Hands & heels** Assistance given by the jockey without his resorting to use of the whip
